The tutorial

As with the lectures, it is really important that you attend all the tutorials or participate in the online tutorials and discussions.

Tutorials are a very important part of your learning process. They are not compulsory so you need to take responsibility for your attendance. It is important to attend every week.

Tutorials offer you the chance to have discussions with your tutors and your peers. Be prepared. Do any set work and reading each week.

Go to class knowing what it is that you don’t yet know, so that you can get clarification during the tutorial.

It’s important that you learn to develop your own opinions. This involves being interested and participating in the discussions and interpreting what you read and hear.

Write down questions that you want the tutor to answer. This is a good opportunity to get your problems solved.

Tutorials assist you in preparing for your assessment tasks and your exams. They help you by enabling you to use and explore your knowledge.

Make appointments to see your tutor. Don’t be scared. Tutors are there to help you with your learning.
