Managing your learning

Every student must become familiar with the content of your Course Guides.

Each course will be different. Course Guides are exactly that... a guide to your learning.

They include essential information to assist you in your learning.

Read the Course Guides carefully, especially in regards to assessment tasks. Not all assessment tasks will require the same format.

Know what the processes are for the submission of assignments. All of this information is in your Course Guides.

Know what resources are available to help you with your studies. Be independent and learn quickly how to navigate the e-resources at RMIT, for example the library data bases.
